Subject:RE: Resource Capacity for OPS support

Sorry, I did not count the 77 from O that will be here fro Fri Night and the 75 from C DIv that will be her for Fri Day shift as they are not yet entered in the rotation.
These are the numbers for folks who previously received JIs.

Thank you
Monica

Subject: Resource Capacity for OPS support

Hi Monica,

For operational reasons, Dave Falls and Ernesto would like to know:
1) how many members are currently scheduled for Ottawa Police Support each day

2) how many members do you have in reserve that have been identified as deployable each day that are available to be brought in

Please let us know the numbers for Thursday and Friday asap. Then Sat and Sun when they are available.

Basically, we are increasing our capacity to assist OPS and Dave and Ernesto want to know what is available to support operations.

As long as we have the logistical support (transport etc), we are going to try to assist OPS with up to 125 per shift (250 per day).

If you need any clarification please give me a call.

Thanks,

Richard
